Personal Statement:

*Why do you want to serve as a member of the USA Climbing Athletes’ Advisory Committee?*

I strongly believe that the athlete voice is really important and needs to be heard at all levels in an organization. In the past two years I’ve tried to make it a priority to ask other athletes their opinions on various topics to make sure the athlete voice that I’m bringing to the table is not only my own. I think by serving on the other athlete committees I’m able to connect groups of athletes and share perspectives and gather input effectively which I believe can be really valuable.
