Hello Greg Padovani,

I would love to be taken into consideration for the USA Climbing Athlete Director position. I have seen the sport grow for a long time now and as I have gotten older I am now seeing different ways in which I can help our sport that we love so much grow and become better as a whole. This opportunity is another great way I can offer my voice and experience and put it to good use. I have competed in countless amount of climbing competitions all over the world, big and small competitions, and I believe I could be of great help when it comes to having a voice for the athlete side on the board of directors. I would listen to the athletes and hear what the majority would like to see change and progress to. I would listen to their complaints, positive feedback, what they like and don’t like, their concerns and so forth. I would take all into consideration and do my very best to uphold the athletes voices and relay them in a constructive and positive way. Thank you for taking my name into consideration for this position. :) 

Alex Puccio
FULL NAME:
   Alex Puccio.

USAC MEMBER #:
   27617424

PLACE OF RESIDENCE:
   Salt Lake City, Utah.
