Modified Redpoint - Multizone

Points are earned by controlling a zone with one hand unless the top (25), where two hand control is required. Attempts must be recorded (every time the feet leave the ground) by placing a (0, 5, 10, 15, or 25) in the appropriate box for each attempt and depending on the climber's zone achievement. If a hold spins or breaks step off immediately and notify the judge or the attempt will count. If you use a hold or feature that is "off route" only points may be earned to the point at which the infraction occurred. A judge must sign your scorecard in order to receive credit. Any attempts or completions not judged, will not be counted towards your final score. Your final score is the sum of the points earned on all problems. If a competitor does not get to the first zone, they will not be deducted .10 for their falls and cannot receive a negative score on a boulder. Ties will be broken by number of tops, flashes, and then falls to tops. If you have further questions, please see the host gym manager/organizer and/or consult the USA Climbing Rulebook. All competitors must have a USA Climbing membership prior to the start of the competition in order to receive credit for the event and scores entered into the scoring module.
