Personal Statement:

Why do you want to serve on the USAC Athletes’ Advisory Committee?

In the decade that I have been involved, the sport of climbing has seen rapid growth and a lot of change. It takes a lot of work, both paid and volunteer, to keep pace with that growth. The high quality of the competitive climbing experience and the continued increase in participation is a testament to the hard work, dedication, and passion of those who work to organize comp climbing. It is expected that the sport of climbing will continue to experience rapid growth over the next several years. I want to be a part of the change that happens going forward and I want to give back to the sport that has given me so much over the years.
