49	4900 pts	Mark 1 attempt for flash			
50	5000 pts	Mark 1 attempt for flash			

Comp Info/ Rules: Points are earned by completing a problem from start to finish (must control final hold). Record each attempt made (every time your feet leave the ground). One attempt is a flash and must be noted as such. All natural features are "off" unless marked otherwise. If a hold spins or breaks step off immediately or the attempt will count (then please contact a routesetter). If you use a hold or feature that is "off route" no point can be earned and the attempt will count. Two witnesses or a judge must sign your scorecard in order to receive credit. Your final score for each discipline, respectively, is the sum of the 5 highest point boulders you completed, the 3 highest point routes completed and the fastest of your two speed routes. Ties will be broken by number of attempts. If you have further questions, please see the host gym manager/organizer and/or consult the USA Climbing Rulebook. All attempts MUST be judged. Any attempts or completions not judged, will not be counted towards your final score.
