

## **Routesetting Committee Bio – DAVE WETMORE**

### **Bio:**

Dave Wetmore's passion for climbing has grown from his tiny wooden home wall as a 15-year-old to obsessively traveling the planet in search of the most inspiring lines.

Now as the Director of Setting for MetroRock--a chain of 4 gyms--he sets regularly for USAC National events for both adult and youth, has been the Chief Setter for the Dark Horse Series for 9 years, and instructs Level 1 clinics for USA Climbing.

Having bouldered V14, climbed 5.14, and competed at the World Cup level, he takes a unique perspective on movement from personal experience and applies it to setting--what he calls a "constantly evolving realm of infinite possibility."
