**Personal Statement:**

*Why do you want to serve as the USAC Athlete Representative to the USOC Athletes’ Advisory Committee?*

I have been involved with USA Climbing for nearly a decade, and would love to give back to the community that has affected my life in such a meaningful way. I have years of high level domestic and international competition experience, as well as years of high-level youth coaching experience. As both a coach and a competitor, I'm able to see from many different perspectives how important decisions in USA Climbing and the USOC may affect all types of people (parents, athletes of all levels, routesetters, other coaches, etc.) that participate in sport climbing, domestically and abroad. I'm eager to share my experience in this organization with the people who make our participation in the 2020 Olympics possible!
